What's New in 4C...

Dear Parents and Guardians,

This Friday your child will have the chance to participate in this year's first classroom "Store." The store is an event where students can use the classroom money they have earned to buy and sell small items they bring from home.

Examples of items that are usually traded: trading cards, action figures, collectibles, "crazy bands," books, small trinkets, etc.

A couple things that you should know:

1. Students have been told that any items they bring must be approved by an adult at home. I will not let them sell items that I think might be questionable without a signed note from an adult.
2. Items must fit inside a backpack or be brought to school in a sack.

On another note, I am happy to report that students were able to take the MAP tests this week and there were several students who went above and beyond their reading goals for the fall. Nice work !

Have a great weekend,
- Mr. Carver

Our Week at a Glance

Reading
