Weekly Update

Dear Parents and Guardians,

As the school year comes to an end your child has several fun activities for our final week of 4th Grade. Please note the dates and remind students to dress appropriately.

This week the students performed well on their final quizzes of the year. The students also were also able to earn their "Lazy Day" by contributing their classroom earnings over the last two weeks.

As this year comes to an end, I would like to hear your input about my classroom and performance. Please take the time to fill out the teacher report card I included with this newsletter. I appreciate your feedback and hope to use it to improve as a teacher.

If you have any questions, please don't hesitate to contact me.

Have a great weekend!

-Mr. Carver
