Picture re-takes

11/27-11/30

Thanksgiving vacation

## Teacher's Message:

The class worked extremely hard this week on their Native American projects. They grouped themselves and shared information as it was found. I was impressed! They'll need to do some of the work at home.

As you begin thinking about your holiday shopping, please remember that your child's school supplies may need replenishing. Some need more crayons, scissors, glue, and pencils. As a classroom, we will be needing more Clorox wipes in the near future.

Have a good weekend!
