

# 5T News and Notes

January 30, 2012

**Spelling:** The spelling lists are in conjunction with our weekly reading. The take-home list is stapled to their weekly planner on Monday or the first day of the week. They usually have two assignments during the week and write the words ten times each before the test on Friday or the last day of the week. Short weeks (three days or less) there will be no spelling.

**Math:** We will be covering volume and surface area in math. Ms. Heider's e-mail address is [jheider@unity.k12.il.us](mailto:jheider@unity.k12.il.us).

**English:** We will finish up a Unit on verbs, focusing on present, past and future tense, subject-verb agreement and Agreement with "be" and "have".

**Reading:** We will read a story from our reader together. During the next three to four days following the reading we will have reading worksheet assignments. We will also read short stories that are related to the story for that week. When we are able to check books out of the library they will have assignments related to their novel.

**Science:** Chapter 5, lessons on Volcanoes, and Earthquakes.

**Social Studies:** We will finish Chapter 10 with lessons on The War Ends and Comparing Maps at Different Scales. We will also do a vocabulary worksheet.

Just a reminder: If you have any questions or concerns please call me at school at 684-5218.
